➤ WORK EXPERIENCE

I am a highly motivated individual with a strong grip on front-end development, specializing in HTML and CSS. Alongside my foundational knowledge of PHP and Java, I have hands-on experience in creating two websites for my semester projects. With a keen eye for detail and a problem-solving mindset, I strive to deliver visually appealing and user-friendly websites. I am a collaborative team player, dedicated to staying updated with the latest industry trends and technologies. Committed to producing high-quality work, I am eager to contribute my skills and drive project success in a dynamic and innovative environment.
